

ZELPA HANDELSGES.M.B.H.

Wrapping Pulp Offered by Zelma Handelsges.m.b.H.

Wrapping Pulp is derived from the screening stage of the wood pulping process and is a reject cellulose, which forms a beneficial alternative to major pulp grades with a slightly poorer quality and consists of good fibers. Wrapping Pulp is typically used for moulding compound, shoe sole, board, brown packaging paper for spare parts, drinks, shoes and more. Wrapping pulp is shipped in units, each contains four bales.
